# PROGRAM

## 9.00–9.30 WELCOME ADDRESS

**Sabine Ladstätter** | Austrian Archaeological Institute, Austria

**H. E. Marios Ieronymides** | Embassy of the Republic of Cyprus in Vienna

**Marina Solomidou-Ieronymidou** | Department of Antiquities, Cyprus

## SESSION 1

**Chair: Michaela Binder** | Austrian Archaeological Institute, Austria

**9.30–9.50 Kirsì Lorentz** | Cyprus Institute, Science and Technology in Archaeology Research Centre, Cyprus  
*New horizons for human bioarchaeology in Cyprus: From synchrotron enabled bioarchaeology to osteobiographies as inspiration for quality tourism*

**9.50–10.10 Françoise Le Mort et al.** | UMR Archéorient, France  
*Identifying anemias in prehistoric Cyprus: An innovative approach at the crossroads of classic and new methods*

**10.10–10.30 Questions and discussion**

## 10.30–11.00 COFFEE BREAK

## SESSION 2

**Chair: Sylvia Kirchengast** | University of Vienna, Austria

**11.00–11.20 Sarah Douglas** | University of Manchester, UK  
*Rethinking the Bronze Age Burial Record: Gender and Status in Bronze Age Cyprus*

**11.20–11.40 Michelle Gamble** | Austrian Archaeological Institute, Austria  
*A Tale of Two (or Three) Chalcolithic Villages: Palaeopathology at Lemba-Lakkous, Kissonerga-Mosphilia, and Chlorakas-Palloures*

**11.40–12.00 Caterina Scirè Calabrisotto** | Università Ca' Foscari Venezia, Italy  
*Stable isotope analysis of bone and teeth from Chalcolithic and Bronze Age Cyprus: New palaeodietary data, issues and perspectives*

**12.00–12.20 Martina Monaco** | University of Sheffield, UK  
*A bioarchaeological approach to the rise of social stratification in prehistoric Cyprus: An analysis of activity-related stress patterns in Chalcolithic and Late Bronze-Age human remains*

**12.20–12.45 Questions and discussion**

## 12.45–14.15 LUNCH BREAK (SELF-CATERED)

## SESSION 3

**Chair: Karin Wiltschke-Schrotta** | NHM Vienna, Austria

**14.15–14.35 Grigoria Ioannou** | Cyprus Institute, Science and Technology in Archaeology Research Centre, Cyprus  
*The Bioarchaeology of the Necropolis of Ktima-Paphos: New Insights into the health and life of Hellenistic-Roman Cypriot populations*

**14.35–14.55 Nicholas Herrmann** | Texas State University, U.S.A.  
*Bioarchaeological Investigations of three Roman to Early Christian tombs from the Ayioi Omoloyites neighborhood in Lefkosia*

**14.55–15.15 Demetra Aristotelous** | Department of Antiquities, Cyprus  
*Excavating and studying skeletal remains in Cyprus: The role and work of the Cyprus Department of Antiquities*

**15.15–15.45 Questions and discussion**

## 15.45–16.30 COFFEE BREAK

## 16.30–17.30 KEYNOTE ADDRESS

**Brenda Baker** | Arizona State University, U.S.A.  
*The bioarchaeology of Cyprus: A perspective from Polis*

**17.30–18.00 Discussion and conclusions**

## 18.00–19.30 RECEPTION
